## product description

### Ice cream board. - PETG

The import of raw materials (produced by South Korea's SK Group, SK Group's high-tech company specializing in chip manufacturers) is commonly said to be the export of food-grade environmentally friendly transparent plastics

- 1: High transparency, 3-5 times that of ordinary PVC.
2. Strong impact resistance, 20 times that of acrylic.
3. Environmental protection, paint free, formaldehyde free, easy to degrade, through the FDA food certification, suitable for export to any country in the world.
4. Good bending, moisture and pressure resistance.
5. No yellowing, no variation, room warranty for 10 years.
6. It is one half of the weight of glass, indoor can be used instead of glass, and the delivery is not afraid of breaking and other advantages.
7. Food grade safety and environmental protection.
8. Fire protection level v2 (equal to B1)

Base material	Imported raw materials
Sheet size	1220*2440mm
plate thickness	2/3/4mm
Various levels	Fireproof V2 (equal to B1), waterproof, environmentally friendly
Customized project	Customized thickness (2-50mm), with a maximum customizable panel size of 1.22 * 3.1mm
Product characteristics	Environmentally friendly, free of formaldehyde, good flexibility, moisture and pressure resistance, non yellowing, unchanged, food grade safety and environmental protection

规格size: 1220\*2440mm

冰珀板Ice Pellet Plate——PA274  
规格size: 1220\*2440mm

冰珀板Ice Pellet Plate——PA275  
规格size: 1220\*2440mm

冰珀板Ice Pellet Plate——LV-001

规格size: 1220\*2440mm

冰珀板Ice Pellet Plate——LV-002

规格size: 1220\*2440mm

冰珀板Ice Pellet Plate——竹纹Bamboo design

规格size: 1220\*2440mm

## Advantages of Ice Peltier Plate Products

- Advantages:
1. Quality advantage: The board is made of imported raw materials, which do not turn yellow and remain unchanged in shape;
  2. Service advantage: There are few cooperative units among manufacturers, only two companies compete, and the prices given to us are better than those of other companies;
  3. Characteristic advantages: Compared to glass, the ice coated board has a light weight, good bending performance, moisture resistance, pressure resistance, environmental protection, paint free, formaldehyde free, easy degradation, food grade safety and environmental protection, and a wear resistance of around 300 revolutions;
  4. Effect advantage: Ice coated board can be curved, with high transparency, 3-5 times that of ordinary PVC. It is more aesthetically pleasing when combined with lighting and natural light

## 苳麦味道

苳麦"成立于2017年  
"追物所归"  
"返本溯源"  
以优质的食材理念  
致力于营造食物最本真的味道

更原创,也可以是一种生活方式  
我们只"做品,为经济  
到食物  
再到咖啡  
饮品  
——  
平实的款式,努力做出新的突破

希望我们平台能代表我们吃的蛋糕  
更行更健康的生活方式

## INSTALLATION INSTRUCTIONS

芝罘®品牌,创建于2017年,品牌目前提供甜品、面包、饮品等,  
采用美国道风车动物性淡奶油,以味道和设计立口碑,提供堂食及外卖服务。

### Cutting

The best way is for the manufacturer to cut or for the customer to cut themselves (the cut position is neat and does not require special treatment). Can be cut by table saw or manual saw.

### Adhesive tool

Transparent glass adhesive (applied at the border)

### Installation Conditions

Before installing the ice cream board, it is necessary to ensure that the skeleton is flat and clean. Before installation, the protective film around the board should be lifted by 5-10cm. After the installation is completed, the protective film should be removed as a whole to avoid damage to the board surface due to operation.

### Maintenance

Avoid scratching

### Install

Ice plate partition/window: fix the frame around and embed the ice plate inside the frame for fixation

Ice board background wall: Use high transparent glass adhesive to stick the ice back to the wall surface

Note: The material is waterproof, but it is not recommended to soak in water for a long time, which may cause some water to enter the edge

## Product architecture

custom wall panel	Ultra-thin stone	B series metal profile
Wooden plate	Volcanic Rocks	Aluminum foam
Commercial space veneer fire panels	Metal plated stone brick	Z series aluminum foam
Ultra clear mirror plate	Xuangu volcanic rock	Living moss
Plaster texture plate	Z series PU decorative panel	Creative modular custom products
Starry sky top acoustic board	H series PU large board	Mosaic of resin
Y series acrylic sheet	B series PU decorative panel	Y series creative module
Transparent art cement	PU decorative panel	Commercial special board
N-series cement casting plate	Fusion Cement member	H Series Outdoor flooring
C series soft stone	D series modeling brick	N series handmade brick
Art poured board	M series component bricks	Super black brick
Cement decorative board	K series foamed ceramics	Dupont paper
S series soft stone	K series crystal brick	Weaving of bamboo and rattan
3D cement brick	Hollow glass brick	The deep mirror
FRP cement casting plate	X series jade glass	Cement component lighting system
Microcement siding	T series crystal brick	PU component lighting system
Perlite board	J series water corrugated plate	D series foamed ceramics
Church art glass	Aluminum embossed plate	B series metal lines
X series hand sanded brick	FRP emerald grille	French textured paper
led photoglass (hard)	Outlet tile
